What is “Victory for the Silent Victim”?

Victory for the Silent Victim is a three hour seminar targeting people whose lives are being torn apart because someone they love suffers from depression, anxiety or other mental illness.

Participants in this program are primarily spouses, significant others, parents, children or friends of people who suffer from mental illness.

Whatever the relationship, the people at this seminar are looking for help, some of them desperately.

Anyone who has ever dealt with a loved-one who suffers from mental illness knows that the effects of that illness reach far beyond the one who has been diagnosed. Depression, Anxiety and related disorders bring pain to everyone who is touched by that person’s life. This causes sever stress and other related symptoms to everyone involved.

Victory for the Silent Victim is designed to provide a plan of action that people can put into practice in order to take back control of their physical and emotional health. This allows them to become far more instrumental in the support and healing of the depressed or mentally ill.

Why sponsor Victory for the Silent Victim?

To capture the attention of the 100-plus participants, all of whom are actively looking for ways to improve their difficult lives.
